## Values

With a strong belief in co-operation and co-creation, we hold a close personal contact with all suppliers and clients making it possible to offer highly flexible and customised material solutions. The majority of the furniture components are customizable with different colors and materials, offering a large versatility of design to different interior ambiences

## Skudo by Gamfratesi

This double shell chair designed by Danish-Italian design-duo GamFratesi is an elegant and modern reinterpretation of a classic 50s harmonious shape. The two shells are supported by a thin metal frame producing a dynamic line around the chair and an emphasis on contemporary craftsmanship and construction. Being a stackable chair, Skudo is comfortable, durable and moves seamlessly from space to space

## Cuba by Furnid

A functional stool inspired by Cuban lifestyle and culture, whose wooden details are the result of highly advanced Scandinavian manufacturing techniques. With an emphasis on contemporary craftsmanship and construction the stools brings the signature of the Danish design duo FurnID.

## Lean by Gamfratesi

The collection exemplifies traditional craftsmanship applied to a modern design: an upholstered shell in a basic and minimalistic shape leans on a solid oak supporting structure that can be stained or left natural. Lean combines appealing design with outstanding comfort.

## Beam by David Thulstrup

Beam is a beautiful and graphic dining table. The Beam table's exquisite quality and timeless elegance make it a universal table suitable for offices, restaurants and residential spaces. By combining three different elements and two materials, a wide range of possible variations occurs. The selection of sizes makes it possible to choose the table which suits the space best. Designed by David Thulstrup.

## Angel by Gry Holmskov

Angel is a sculptural stool with a poetic shape evoking an angel with its wings widely spread. The Angel stool consists of a minimalistic seat and a base consisting of steel rods. It is a decorative yet comfortable piece. Angel can be used as either a stool or a freestanding, agile, sculptural object to decorate inside or outdoors. The stool is available as a chair or bar stool. The designer, Gry Holmskov, later designed a light minimalist side table that compliments the Angel stool.

## Font collection by David Thulstrup

The Font collection is Møbel Copenhagen's first design collaboration with Danish designer and architect David Thulstrup. It consists of a family of chairs, lounge chairs, barstools and sofas whose name refers to graphic fonts that inspire the varying thickness of the cushion and backrest.

The bar stools and sofa are light, the dining chairs are regular and the lounge chairs and sofa are bold.

The FONT collection includes eight design pieces in total as all pieces of the collection are available with or without armrests.
